Seven Criminal Cases Before Judge Seawell

Judge Emmet Seawell presided in the criminal department of the Superior Court on Monday. Seven cases came before him and the disposition of each is noted below:

Floyd Shaffer, pleads not guilty, case continued to June 5 to be set for trial.

John Vanderleith, time to plead continued to next Monday.

Arthur Freeh, demurrer overruled continued to next Monday to be set.

Homer Lund, arrigned, plea set for Monday, June 5.

A. Langsley, pleads not guilty, trial set for September 6.

Cases against F. C. Richardson and W. P. Burke continued until June 12 and 26 respectively. Two indictments were returned against each of these parties.

Editor's Appeal

The National City paper contains the following striking paragraph:

Kind friend, please help the editor in his wild-eyed search for news. When your friends come to see you, if you are not ashamed of them, tell him; when your wife licks you, come in and let us see your scars and tender our sympathy through the paper; if your mother in-law has died, don't be bashful about it, give in all the commonplace items. When your wife gives a tea party, if you have recovered from the effects of the gossip, drop in with the news; when a baby arrives, fill your pockets with good cigars and call; after the wedding remember us with a piece of the cake and all the details; if you go to a party steal some of the good things and leave 'em with the item in our sanctum. In short, whatever makes you feel proud, sad, lonesome or glad, submit it to our 24 carat wisdom and see our matted locks part and stand on end with gratitude, which will pour from every pore like moisture from the rain-soaked earth.

Will Establish University

Mrs. E. H Harriman, America's richest woman, is planning to found a great University as a monument to her railroad building husband. Mrs. Harriman will probably locate the institution, which she hopes to make the greatest in the world, somewhere in the west, probably in California.

It is understood she is inclined to favor Southern California, but has not definitely settled upon a site. The amount of funds she will invest is clearly speculative as it is not known how much the estate will provide. It is her idea to follow Rockefeller's plan with the Chicago University, give a large sum at the start and then increase the amount as the University developes.

The Harriman estate at the time of his death was estimated at $70,000,000 but this has been materially increased by the successful investments of Mrs. Harriman.

The farm life is a more perilous occupation than that of the artisan or factory employe is shown by an exposition of industrial accident statistics at the convention of the National Association of Manufactures at New York. Of the total number of mishaps resulting in temporary disability, it is shown that 45 per cent occur in agricultural pursuits, 9 each in iron and steel trades and building operations, and 8½ per cent in mining. It is explained that it is natural that the agricultural laborer should be especially subject to accident, for he has to handle teams, machinery and explosives, and is too much of a jack of all trades to be skilled in any one.

The harvest season is the most trying of the year. There is so much to be done, so little time to do it in and so few hands to accomplish it, that we are often at our wit's end Let us, however, have a care lest we attempt too much and lest we put too great a burden on the wife and daughter. The sanitariams are filled with men and women who have broken down from work and worry at middle life. The utmost that we can hope to gain is not worth such a fearful sacrifice.

School Money Apportioned

County Superintendent of Schools Miss Florence M. Barnes, has made the May apportionment of county school funds. The total amount apportioned is $32,818.50. It is apportioned on the basis of average daily attendance of 5 637 at $5.50. Sixty per cent. of the apportionment is placed to the credit of the teachers' fund and forty per cent to the credit of the county fund. The apportionments for each of the local districts are as follows:

District	Teachers' Fund	County Fund
Dunbar	$ 43 56	$ 29 04
El Verano	201 30	134 20
Enterprise		33 00
Flowery		44 00
Glen Ellen	14[illegible]	99 00
Huichi	29	19 80
Sonoma	412	275 00
Triniti	25	17 16
Watmaugh	42	28 60

Grape Prices Will [illegible] High

It is some months yet before grape prices will be determined but never theless it is a question that is being discussed more or less just now among the grape growers. The general opinion seems to be that a good price will be received, and the figures that are discussed most just now is around $20 per ton. One of the wellknown growers of Geyserville section, and he is a man that can be depended upon for the truth, says that he has been offered $20 per ton on a five year contract and he refused to sign up, believing that a better figure will rule independent of a contract.—Heldsburg Enterprise.

May be No Vacation

It is quite possible that there will be no vacation of the Superior Court this summer. For some years the months of July and August have been set aside as "court vacation" during which no contested matters were heard except by consent.

During the calendar day proceedings in his department on Monday morning a lawyer called attention that a case was being set during vacation—the month of July.

"It may develop, owing to the crowded state of the calendar, that no order will be made for a vacation this year," said Judge Seawell. "The calendar is full at the present time, and matters must be disposed of. Of course all the matters now set for trial must be heard."

So it is quite probable that there may be no vacation in the big court house this summer.

A New Year Vow

I don't go much on gilded vows for I have made them in the past, and they are with the bow-wow-wows—they were too all-fired good to last and so I'll make one vow to day: I'll simply try to do my best; that vow should help me on my way, for it embraces all the rest. I'll take the middle of the road, and always do the best I can, and pack along my little load, and try to be a manly man, A man may end his journey here too poor to buy a decent shroud, and planted be without a tear of mourning from the worldly crowd; but when he's in the judgment scale he'll come triumphant from the test; no man has failed, no man can fail, who always, always does his best. And though my pathway be obscure, and void of honor and applause, and though the lean wolf of the moorer draws, to my cheap doorway nearer my breast, I'll keep a stout heart in my plan: I'll follow up this simple and try to always do my very best, be a manly man.—Walt Mason.

The Picnic At Lawrence Villa

The picnic given by Sequoia Parlor of N. S. G. W. of San Francisco last Sunday at Lawrence Villa was well attended.

The Sonoma Valley Band led the march around the plaza to the City Hall, where Sequoia Parlor presented the official Bear Flag to the city with appropriate remarks.

Mayor Cummings responded with thanks to the order and accepted the flag in behalf of the city.

The march then continued to Lawrence Villa, where a large crowd awaited the procession.

City Officials Make Trip

The members of the city council engaged a couple of autos yesterday and visited several of our sister cities to inspect the different septic tanks in operation. They visited Sebastopol, Healdsburg, the County Farm, and Petaluma. The councilmen did not confine their investigations to septic tanks and sewer systems; they also inquired into how other cities constructed streets, run rock crusher, and conducted public libraries. Much of interest was learned.

In the party were Mayor M. E. Cummings, Trustees L. Quartoroli, John Wagnon, Ranald McDonnell and Charles Dal Pogetto. Henry Bates, Ralph Thompson and Ralph Quartoroli accompanied them. The party while in Santa Rosa were the guests of Engineer Newton V. V. Smyth at an elaborate dinner at the Bismarck. The tables were prettily arranged with boquets of roses and the menu was very enjoyable.

Contract Awarded

The City Council met Monday evening in an adjourned meeting, and awarded the contracts for the construction of the sewer system and for the necessary material. The construction work was awarded to O'Brien & Co., of San Francisco, in the sum of $6,176.38 And the furnishing of material to the Windsor Pottery Co., of San Francisco, in the sum of $3,965.60.

The contractors were allowed thirty days from the time of acceptance of their bids to furnish sufficient bonds and commence work of construction. The sewer is to be completed and ready for acceptance within 100 days after work is commenced. The combined contracts make the cost of the sewer system, independent of the septic tanks, $10,139.98.

After the ceremony the audience adjourned to the cemetery, and decorated the graves of veterans and relatives that are now lying at rest with the flowers that were donated for the occasion by our citizens.

The Convent School Closing

The School Closing Exercises of the Convent have always been pronounced exceptionally entertaining This year will, we trust confirm the old opinion, and bring, as always, a large audience.

We promise much pleasure to all present. From the tots up, every number will be a gem. The added interest attached to the conferring of graduation honors on four very gifted young ladies, will unquestionably draw a very large representation of their friends and well-wishers.

This is the thirtieth annual closing exercise of the Presentation Convent, and will be held on June 6. Following is the programme:

"Sounds From the Ohio," piano duet, Merz, Misses G. Dal Poggetto and D. Carmody.

The local Socialists are looking forward to the outing and picnic to be given by the Socialists of Sonoma county on the 11th of June. Thomas Booth, a noted speaker on Socialistic problems, will be one of the special attractions of the day.

Big Picnic For Sonoma

The local members of the Loyal Order of Moose and the Santa Rosa members are arranging to hold a big picnic in Sonoma in the early part of June Exact details have not been arranged, but it is persumed that there will be some four or five hundred present, and it is expected that the Sonoma Valley Band will turnish music for the occasion and that the Sonoma Regulars will have a chance to play ball with the Moose team of Santa Rosa.

Other games will probably be arranged and the boys figure on having a large crowd.

Summons.

In the Superior Court of the State of California, in and for the County of Sonoma.

E. T. CASSON, Plaintiff,
vs.
Archibald Tennent, Isabella Eva Tennant John Tennent, Archibald P. Tennent, Samuel I. Tennent, Samuel J. Tennent, Benjamin D Vassar, Thomas Spriggs, John Spriggs, The Mayor and Common Council of the City of Sonoma, and also all other persons unknown, claiming any right, title estate, lien or interest in the real property described in the complaint adverse to Plaintiff's ownership or any cloud upon Plaintiff's title thereto, Defendants.

Robert A. Poppe and R. F. Crawford, Attorneys for Plaintiff.

This action is brought in the Superior Court in and for the County of Sonoma, State of California, and the complaint in said action is filed in the office of the County Clerk of said County, who is Ex-Officio Clerk of said Court.

The People of the State of California send greetings to Archibald Tennent, Isabella Eva Tennent, John Tennent, Archibald P. Tennent, Samuel I. Tennent, Samuel J. Tennent, Benjamin D. Vasser, Thomas Spriggs, John Spriggs, The Mayor and Common Council of the City of Sonoma, and also all other persons unknown, claiming any right, title, estate, lein or interest in the real property described in the complaint adverse to Plaintiff's ownership or any cloud upon the plaintiff's title thereto, Defendants.

The plaintiff above named, has brought an action against you, and each of you, in the Superior Court in and for the County of Sonoma, State of California, entitled as above, and has filed the complaint in said action in the office of the County Clerk of said County, who is ex-office Clerk of said Court.

And you are, and each of you is, hereby directed to appear and answer the complaint in said action within ten days after the service on you of this summons—if served within said County; and if served elsewhere and without said County, then within thirty days after service of same upon you.

And you are hereby notified that unless you so appear and answer as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the Court for any other relief demanded in the complaint.

The real property affected by said action is situate, laying and being in the former Pueblo of Sonoma, County of Sonoma, State of California, and bounded and particularly described as follows to wit:

Lot numbered 232, the East half of Lot numbered 233, the Street (Fifth Street East) between Lots 263 and 262 on the West, and On-Lot Number 510 on the East, and the Street (Spain Street) between Lot 55 on the North and Lot 232 on the South.

The object of said action is as follows:

1. To oblige the said Defendants to set forth the nature of their claims in land to said lands.

2. To obtain a decree of said Court whereby all claims of said Defendants, all and singular in and to said lands, adverse to the said Plaintiff's ownership thereof, shall be determined.

3. To obtain a decree of said Court declaring and adjudging that said Plaintiff is the owner in fee simple of said lands, and that said Defendants, all and singular, have no estate in or to said lands, or any part thereof thereof.

4. To have said Defendants, all and singular by said Codrt, forever enjoined and debarred from asserting any claim whatever in or to said lands, adverse to said plaintiff.

5. To obtain an award and allowance by said Court to said Plaintiff of his costs in said action, and to obtain such other relief as in the premises shall to said Court seem meet.

SEAL. Given under my hand and the seal of the Superior Court in and for the county of Sonoma, State of California, this 7th day of March, A. D 1911
W. W. FAIRBANK, Jr. Clerk of said Court.
By L. J. WINANS Deputy Clerk.

A number of out of town automobile owners took advantage of the ideal weather Sunday and visited our town and valley. There is not a more picturesque section in Northern California than the roads and by ways of Sonoma Valley. The easy grades and good roads are becoming widely known, and every Sunday brings an increased number of automobile parties to visit our many resorts.

This valley was visited by a San Francisco Bicycle Club Sunday. The visitors left the train at Shellville and traveled to different places of interest on their wheels. It is reported that while in Sonoma they secured a corner on all the pastry, and caused a storage of pie and cake. After visiting the springs they returned to Shellville, and there boarded the train for San Francisco.

Vineburg Notes

Mrs. Al. Griffith was a passenger on the south bound train to the bay cities Tuesday.

Sunday was a busy day in Vineburg. A large number of visitors came up on all trains.

Mrs. Matson and her two children are visiting at her pretty home, Live Oak Grove on the Hyde tract.

Henry Hyde visited his family at the old home several days last week, and returned to the metropolis Tuesday.

Mr. and Mrs. Peter Laveroni and Mr. Frank Laveroni, of San Francisco, were the guests of Mr. and Mrs. John Batto on last Wednesday.

Fred Batto made his usual business trip to the metropolis Monday and went to Petaluma Wednesday. He was accompanied by his son, Fred, Jr., and Miss Adele Andrieux.

Mr. and Mrs. Arthur Batto, Mrs. August Figoni and children, of San Francisco, and Miss Mary Batto enjoyed an auto ride to the different places of interest in the Northern part of the valley last Sunday.

Mrs. Adam Geigrich entertained a number of friends at her home, "Apricot Grove," on last Monday. The guests of honor were Miss Anna Hurbet and Miss Olive Hampton. A pleasant time was enjoyed by all.

Mrs. Fred Dobbel held a reception at her residence near Buena Vista in honor of Miss Anna Herbert, a bride elect. Miss Hurbet, who is an accomplished musician, favored the company with several choice selections on the piano. Among those present were Miss Anna Hurbet, Miss Olive Hampton, Mrs. Dobbel, Miss Dorothy Dobbel, Mrs. Adam Geigrich and Mrs. Harry Hunter. The reception was held on Tuesday last.

The Alta Mira Club held a meeting at the home of Mrs. Rasmussen at Buena Vista on Wednesday last, and we don't know whether they discussed the problem of hobble skirts or not. We hear they had a fine time, and all voted Mrs. Rasmussen a delightful hostess. The following ladies were present: Mesdames Harry Hunter, Fred Dobbel, Tom Studley, Adam Geigrich, Silas Studley and Mrs. Rasmussen, the Misses Olive Hampton, Dorothy Dobbel, Etta Rasmussen and Marie Rasmussen.

Otto Gericke, Jr., of Buena Vista, is now a resident of this part of the Valley, and is stopping at the Groskopf home, Whispering Pines, and when Miss Viola Vineburg says "Otto is cute" that makes Jim Small angry.

Quite a number of Glen Ellenites attended the memorial services in Sonoma Tuesday.

Mrs Mauvais and family are spending the summer at their cottage "Rose Crest" in Graham Canyon.

Mrs. B. Thierkoff, of Glen Ellen, who has been quite ill at the Green's Sanitarium in Sonoma, is now on the road to recovery.

Bob. Hill had a break down with his machine Sunday. In the meantime Poppe's race horse noted for its speed overtook the auto and arrived home first. Chas. Poppe is still congratulating himself on the event, while Bob Hill is beginning to think "to get a horse" isn't such bad advice after all.

Rev. Bowman, the Congregational pastor at Kenwood and Glen Ellen, has moved with his family to spend a few of the summer months at Glen Ellen, and become better acquainted with his flock here. Mr. Bowman has won favor because of his spirit and enthusiasm in his work, and is gladly welcomed in our midst.

THE FIRST LETTER

A Woman Writes.

THE FIRST LETTER that a sick woman should write or have some one write for her is to Dr. Pierce, of Buffalo, N. Y., asking him if "FAVORITE PRESCRIPTION" is suitable for her case, and he will frankly tell her so if he thinks it is. He may have to ask some questions before he can be sure just what the trouble is.

If you are suffering from uterine disease, the symptoms of which are headache, backache, sideache, pain in various parts of the body, especially in the pelvic region, bearing-down, inflammation, ulceration, then Dr. Pierce will advise you to use his "FAVORITE PRESCRIPTION" for he has had a wonderful experience in the use of this remedy. It is NOT A PATENT MEDICINE but it is a VERITABLE PRESCRIPTION that became his "favorite" when he was engaged in private practice forty years ago, and found that it cured more than ninety-eight out of every hundred of all such cases that came under his care.

The doctor found scores and hundreds of women who were being improperly treated because their troubles were not understood, and he determined to place this remedy that he had used so successfully within reach of the multitudes who were in such sore need of it.

He made it efficient, agreeable to taste, and, best of all, safe for any woman, old or young, to use. It is NEITHER A STIMULANT NOR A NARCOTIC, just a vegetable tonic, and invigorating nervine, composed of native roots of remarkable medicinal virtue in the treatment of this class of diseases, and its RECORD OF MORE THAN HALF A MILLION OF CURES entitles it to full confidence.

The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. Pierce's Favorite Prescription.

It Stands Alone not only in respect to its ingredients being known, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

"I suffered with ovarian trouble for many months until I became quite discouraged, as there was scarcely a day when I was not in pain and my health was simply a wreck," writes Miss Olive Hessler, of Syracuse, N. Y. "I read one of your advertisements and decided that I would try Dr. Pierce's Favorite Prescription, as it seemed to have helped so many who were suffering as I did. I found relief after using two bottles, and a cure in three months—from what I considered an incurable. I am very grateful and so pleased with my recovery. Life looks different to me now and I shall always give the credit where it belongs—to Dr. Pierce's Favorite Prescription."

Pierce's Pleasant Pellets These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs Livers and Bowels and their attendant distressful ailments. One or two a laxative three or four a cathartic.

Scientific Poultry Fattening

My method of feeding and caring for poultry in course of fattening is not complicated or difficult to understand. I have two formulas for preparing the food, one for producing white flesh birds, and the other for producing the yellow flesh birds. I have customers for both kinds, but find that the white flesh birds are driving the yellow flesh birds out of the market here.

My food formula for producing white flesh birds is by measure as follows: "Three parts ground oat flour, two parts wheat shorts, one part ground white corn mixed dry, and add sour milk or clabber to mix into thin slop. This ration will produce a white flesh bird and put on one and a half to three pounds of flesh in three weeks. I feed my birds at 8 a. m. and 5 p. m., and give them all they will eat up in thirty minutes. I then cover them up and leave the fowls in dark coops until the next feeding time. I dust the fowls well when I put them in the feeding crates and once each week during the fattening term. You can not fatten a bird that is troubled with lice. The cost of this feed in California for each bird is one-half cent per day.

My formula for producing yellow fleshed fowls is by measure as follows: Three parts ground oats, two parts middlings, one part alfalfa meal, three quarters part beef or blood meal; mix well and moisten with water to a thin slop. The cost of this ration is about one-quarter cent per day per bird, but this ration does not put on as much flesh in the same time as the feed mixed with milk.

I make my crate for fattening ten feet long, two feet high, two feet deep, divided by three tight wooden partitions into four compartments of two and a half feet in width. Each crate holds four chickens and they are set on tables two feet from the ground. I make my feeding troughs out of redwood one-half by six inches, as they are very light. I remove troughs after the birds have fed for thirty minutes. I do not think the wooden troughs are any better than if they were made of any other material.

I find that the best age to commence fattening birds is when they are about four months old. We find that birds younger than that age are growing so fast that it is hard for them to take on flesh to any advantage. I find the Orpington the best to fatten and then the Dorking, Rocks, Dotts and the Leghorns last. —S. R. Kellam in Petaluma Poultry Journal

Wins Fight for Life

It was a long and bloody fight for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood hemorrhages, and was very weak and run down. For eight months I was unable to work. Death seemed close to my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all my claim. "For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay fever, or any throat or lung trouble its supreme. 50c and $1.00. Trial bottle free. Guaranteed by all druggists.

Kerosene Emulsion

For mites and lice on either plants or poultry kerosene emulsion is one of the old standbys. It is successful when used with judgment. To make kerosene emulsion get a bar of laundry soap, shave fine and dissolve in a gallon of boiling water. While it is boiling pour two gallons of coal oil and churn thoroughly. It should be like thick cream when finished. To this you can add fifteen gallons of water, cold or hot as desired, and spray. To make more effective add a pint of crude carbolic when you mix in the coal oil. This is one of the best and cheapest sprays you can use for general work.

Poultry Don'ts

Don't invest in musty grain with the idea that such feed saves money. It kills the profit payers.

Set apart a place to quarantine newly bought stock and thus exclude vermin and disease.

Don't feed corn with the idea that it is an egg producer. If you are after fat, it's great.

Don't feed cracked glass for grit with the idea that it cannot cut the crop.

Don't let ducks sleep on damp, dirty litter.

Don't forget that eggs for hatching if allowed to chill, will hardly meet your expectations.

Fish fresh and wholesome can be had at Greenfeld's market. 10 tf.

BREVITIES

Eight little pigs are the foster children of a white hen on a farm at Winsted, Conn. The hen formed the habit of spring the pigpen. The pig was laying in the and did not object. When the hen decided to set she found nothing to sit on until a litter of pigs arrived. These she promptly adopted, and when they went to sleep piled in a heap after the manner of young pigs, she climbed to the top of the pile, and spreading her wings, did her best to cover the twelve. She has stayed with her strange family constantly. Now that they run out of doors she follows them about in great distress.

A Charming Woman

is one who is lovely in face, form, mind and temper. But what's the use for women to be charming if they have poor health? A weak, sickly woman is a burden to herself and her friends. Constipation and nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complection. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complection and perfect health. Try them. 50c at all dealers.

A fine specimen of an Etruscan "viga," or two-horse chariot in bronze, dating from about 600-500 B. C., has lately been placed on exhibition in the archaic room at the British Museum in London. The chariot is in an excellent state of preservation, the iron tires of the wheels being the only part that has been restored. The length of the chariot is a little over four feet, and the wheels, which are very solid, are 2 feet 9 inches in diameter. The rings for fixing the traces are still attached to the front of the chariot. This interesting vehicle was discovered in Perugia. An ornamental bronze whiphandle which was found near the spot has also been placed on exhibition.

A Dreadful Wound

from a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica salve to prevent blood poison or gangrene. Its the quickest, surest healer for all such wounds as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles. 25 cents at all druggists.

Forest fires in Hokkaido, the northernmost of the islands of Japan, are devastating a vast territory of the land. A number of small towns already have been destroyed. The fire is sixty miles in length.

After crossing the Atlantic 912 times J. W. Alexanderia, chief engineer of the Oceanic White Star Company, has resigned. It is his proud boast that doing the thirty-eight and one half years of his seafearing life he has never missed a voyage. He is a native of Dundee and has just completed his 59 year. It is computed that he has traveled no fewer than 3,000,000,000 miles at sea. Curious enough, Mr. Alexanderia commenced and ended his sealearing career in vessels named Oceanic. He was chief engineer of the Britannic when that vessel took out the imperial contigent of troops to Australia when the present king opened the Commonwealth Parliament.

Chester, Ill., lays claim to having the champion ice cream eater of the state. On a wager, Henry J. Heine owner of a hack line, ate one gallon of ice cream in eighteen minutes. He went about his business again without feeling ill effects.

after you take Dr. King's New Life Pills, and you'll quickly enjoy their fine results. Constipation and indigestion vanish and a fine appetite returns. They regulate stomach, liver and bowels and impart new strength and energy to the whole system. Only 25c at all druggists.

The most famous fish in the world known as Pelorous Jack, which had the distinction of being protected by a special act of Parliament, is dead. It is not quite clear whether this special honor was due to the fact that he was the sole survivor of his species or to the circumstances that he voluntarily acted as a sort of pilot for ships. Certain it is, however, that for twenty years and more this monster of the deep met all steamers bound for Wellington, whether they arrived by day or night. He usually took up a position ahead of them in Pelorous Sound, as if with a perfect understanding as to their destination. Thus he earned the sobriquet of the "pilot fish."

Plans for the construction of open-air schools throughout the city are being put on foot by the school departments of Oakland. Results gained by the experiment tried at the Fruitvale school No. 2 prove that the health and efficiency of the children has been improved 100 per cent, and it is believed that a general belief of the open-air school will be a success. A committee composed of members of the Alameda County Society for the Study and Prevention of Tuberculosis has been appointed by Clifton Macon, president of the organization, and a conference with the school board will shortly be held.

If a man sees snakes after a night with John Barleycorn, what does a hen see? "Biddy," belonging to Mrs. Alice Wescott of Colorado, furnished ocular proof that she had similar visions. The bird sipped the drugs of a broken whiskey bottle, liked it and sipped again and again. Later she laid an egg, moulded on which was the relica of a coiled snake.

"Chesterville," the original home of George Wythe, signer of the Declaration of Independence, and one of the oldest residences in America, was destroyed by fire last week at Hampton, Va. Historians say the building was more than 175 years old.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
